

Consumer Goods Ad_Hoc Insights

INTRODUCTION:

Atlic Hardware is leading computer hardware producer in India and its expanded world wide. The company has a head office in Delhi and regional offices throughout India.

BACKGROUND:

The management wants to get insights on their company products and sales too. The insights will help the management to make data driven decisions.

GOALS:

Atliq Hardware wants to do ad-hoc analysis therefore analytical team assigned us a task to generate a report by running 10 ad_hoc requests.

We ran 10 ad_hoc requests using SQL to present meaningful insights to our Stakeholders when will help our Company to make data -driven decisions for their business growth.

1. Provide the list of markets in which customer "Atliq Exclusive" operates its business in the APAC region.

Output:

	market
▶	India
	Indonesia
	Japan
	Philippines
	South Korea
	Australia
	Newzealand
	Bangladesh

Atliq store has established its presence in 8 major markets in the APAC region

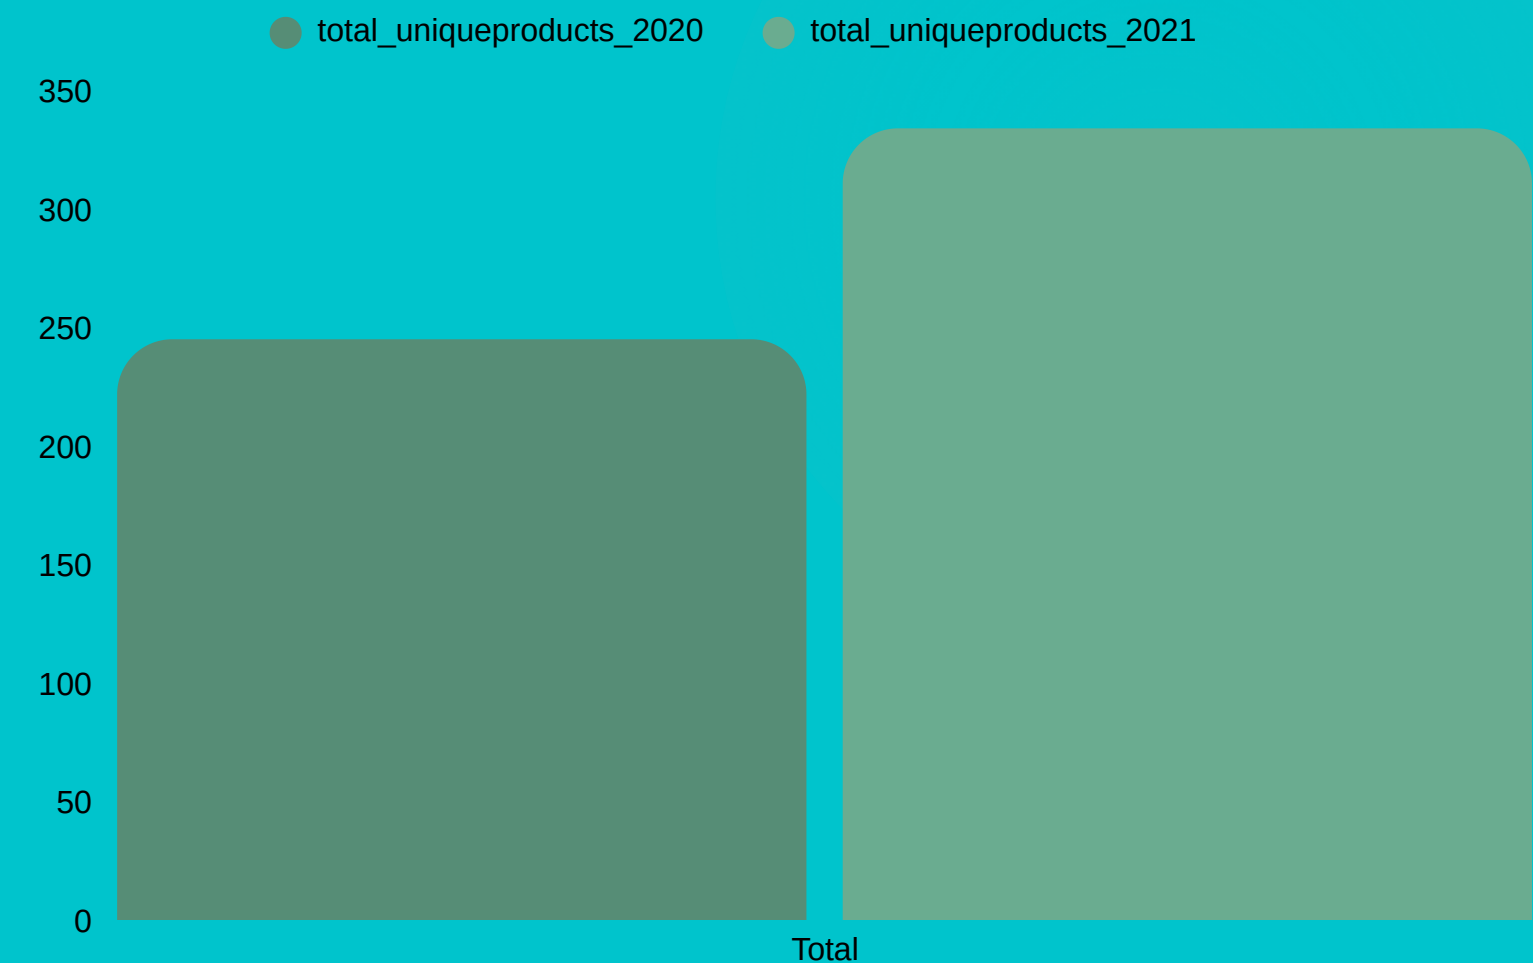

Among this 8 countries, India is the most active market.

2. What is the percentage of unique product increase in 2021 vs. 2020? The final output contains these fields,
unique_products_2020 unique_products_2021 percentage_chg

Output:

	uniqueproducts_2020	uniqueproducts_2021	percentage_change
►	245	334	36.3265

36.33 % increase in the unique Product count from 2020 to 2021 indicates that the business has grown significantly in the past year

3. Provide a report with all the unique product counts for each segment and sort them in descending order of product counts. The final output contains 2 fields,

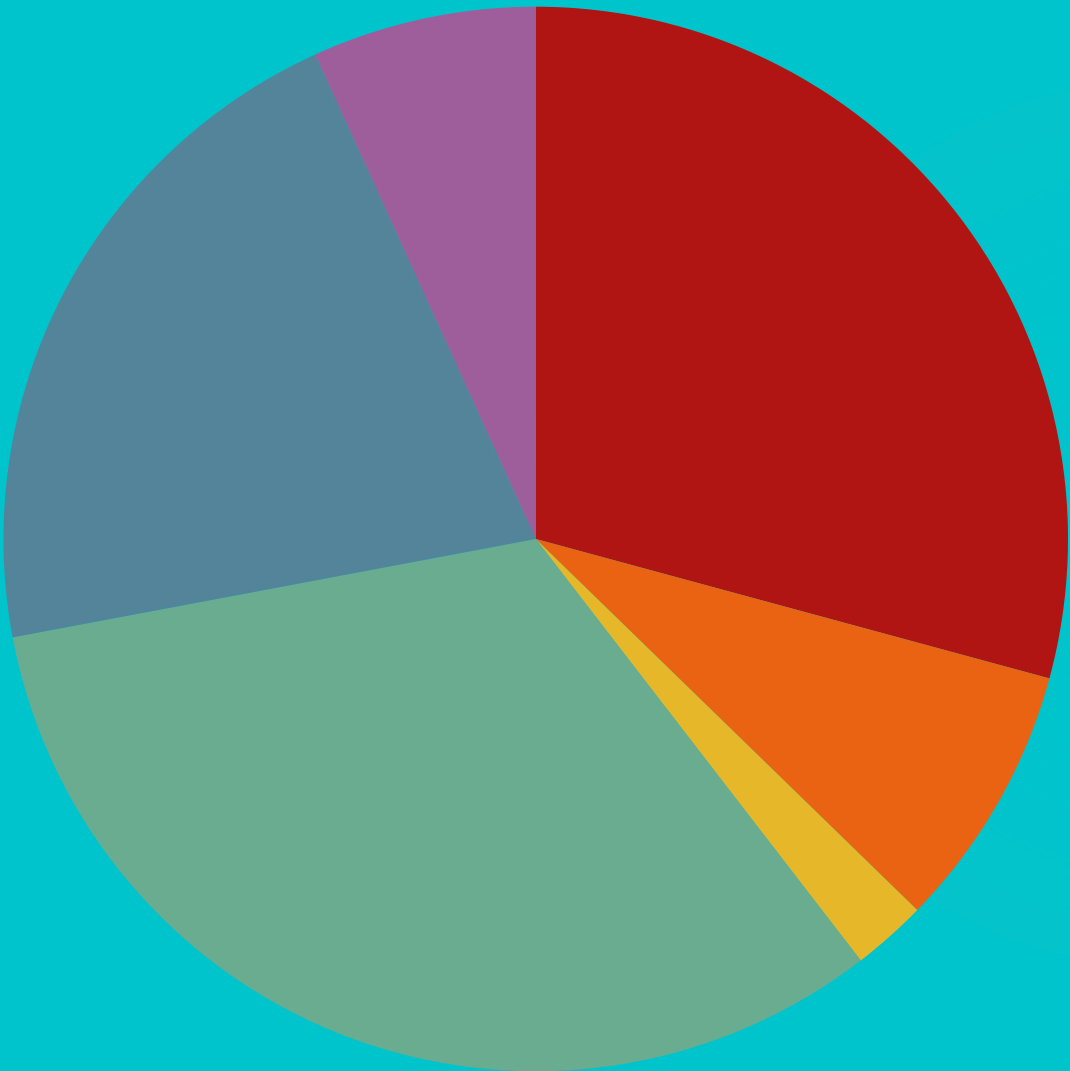

segment

product_count

Output:

	segment	product_count
▶	Notebook	129
	Accessories	116
	Peripherals	84
	Desktop	32
	Storage	27
	Networking	9

Accessories Desktop Networking Notebook Peripherals Storage

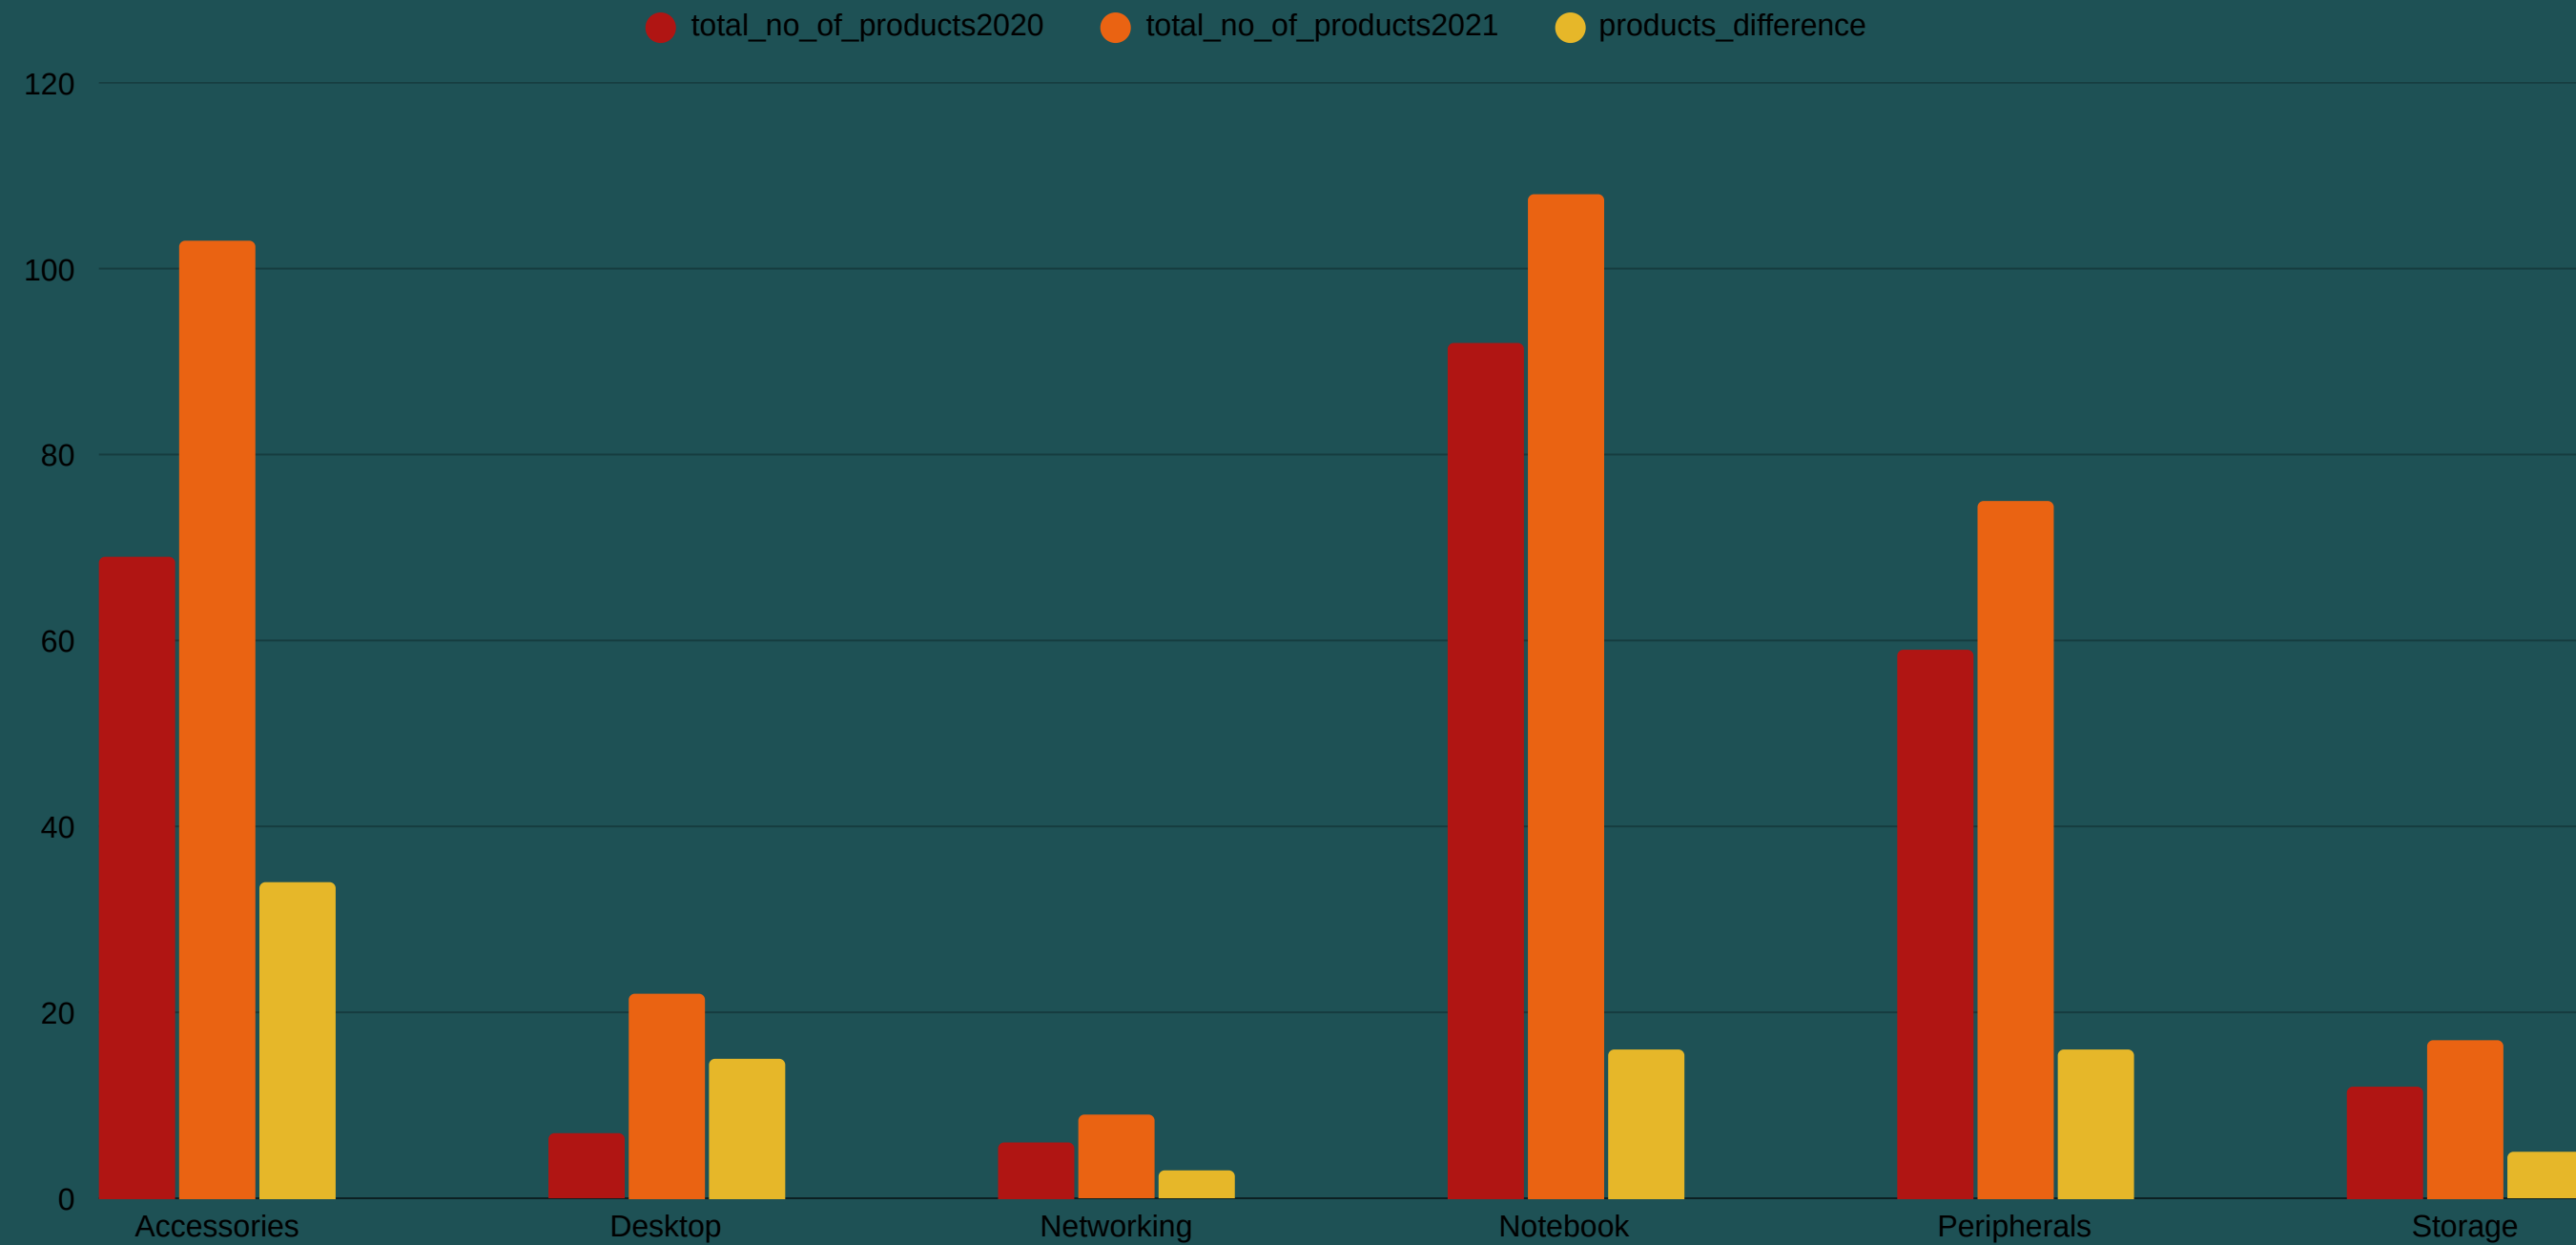

Notebooks and accounts have the highest number of unique products ,129 and 116 respectively which reveals they have a good performance
Networks Segment has only 9 unique Products suggesting poor performance.

4. Follow-up: Which segment had the most increase in unique products in 2021 vs 2020? The final output contains these fields,
segment product_count_2020 product_count_2021 difference

Accessories segment has the largest increase in the unique products 2020 to 2021 while the Desktop segment has the largest percentage increase

Output:

	segment	no_of_products2020	no_of_products2021	difference
►	Accessories	69	103	34
	Desktop	7	22	15
	Networking	6	9	3
	Notebook	92	108	16
	Peripherals	59	75	16
	Storage	12	17	5

Accessories segment has seen the largest increase in the product count with value 34 which means they selling more unique products in 2021 than 2020

Network segment has seen that the smallest increase in the product count, which indicates their sales performance is very less

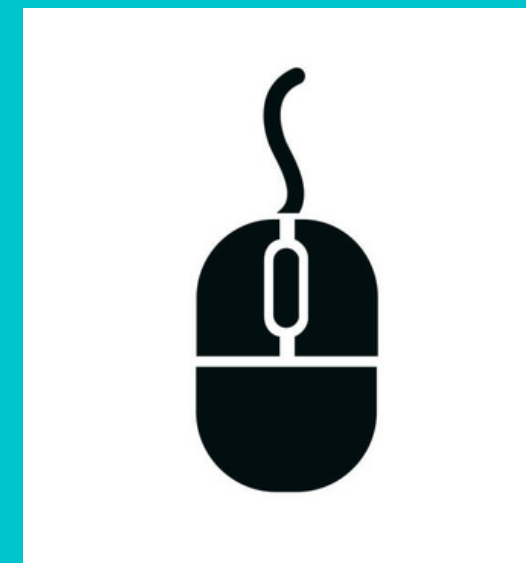

5. Get the products that have the highest and lowest manufacturing costs. The final output should contain these fields,
product_code product
manufacturing_cost

Output:

	product_code	product	manufacturing_cost
▶	A2118150101	AQ Master wired x1 Ms	0.8920
	A6120110206	AQ HOME Allin1 Gen 2	240.5364

AQ HOME Allin1 Gen 2 has the highest manufacturing cost
AQ Master wired x1 Ms has the lowest manufacturing cost

0.892

AQ Master
wired x1
Ms

240.5364

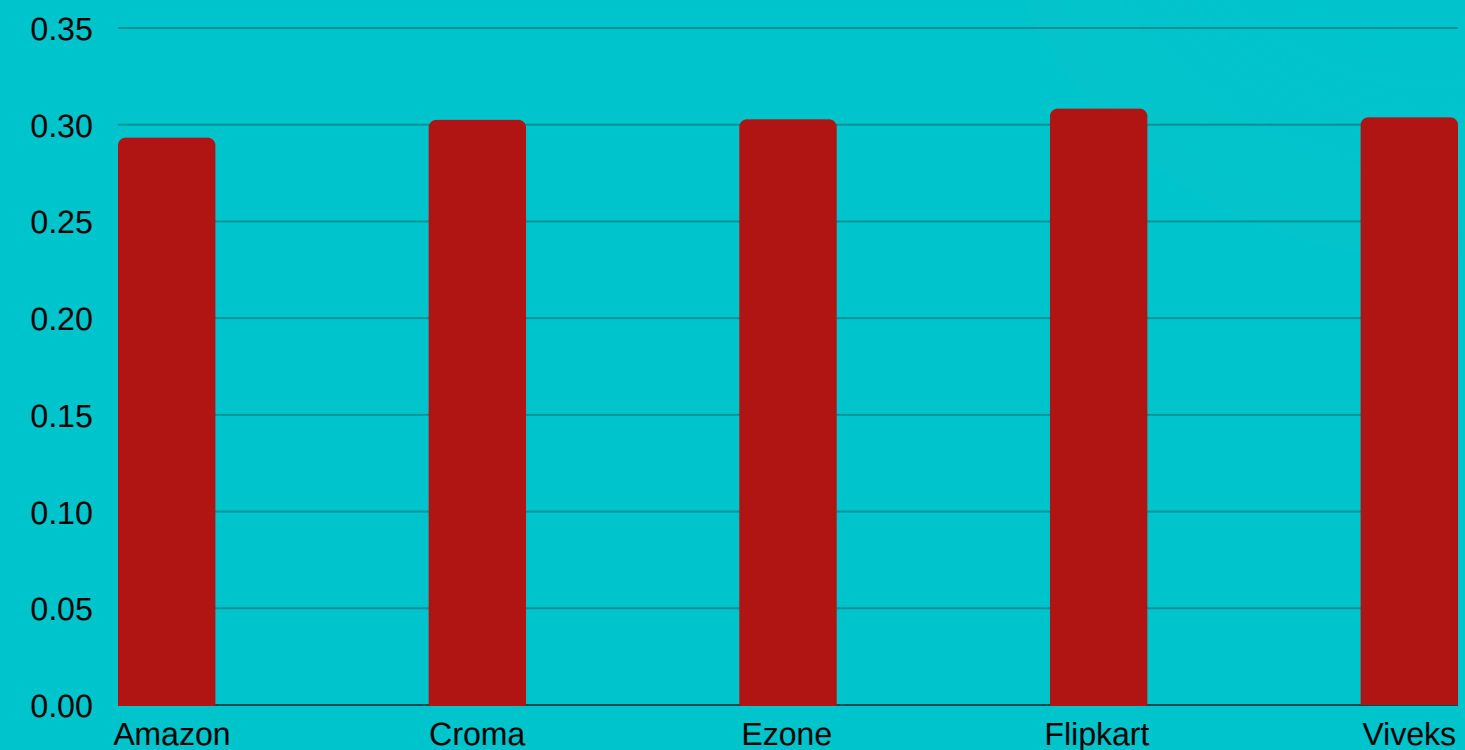

AQ HOME
Allin1
Gen 2

6. Generate a report which contains the top 5 customers who received an average high pre_invoice_discount_pct for the fiscal_year 2021 and in the Indian market. The final output contains these fields,
customer_code customer
average_discount_percentage

Output:

	customer	customer_code	average
▶	Flipkart	90002009	0.30830000
	Viveks	90002006	0.30380000
	Ezone	90002003	0.30280000
	Croma	90002002	0.30250000
	Amazon	90002016	0.29330000

In 2021, the top 5 customers were offered similar pre invoice discount percentages
With Flipkart being the most heavily discounted customer in the Indian market at 0.3083

7. Get the complete report of the Gross sales amount for the customer “Atliq Exclusive” for each month. This analysis helps to get an idea of low and high-performing months and take strategic decisions. The final report contains these columns:

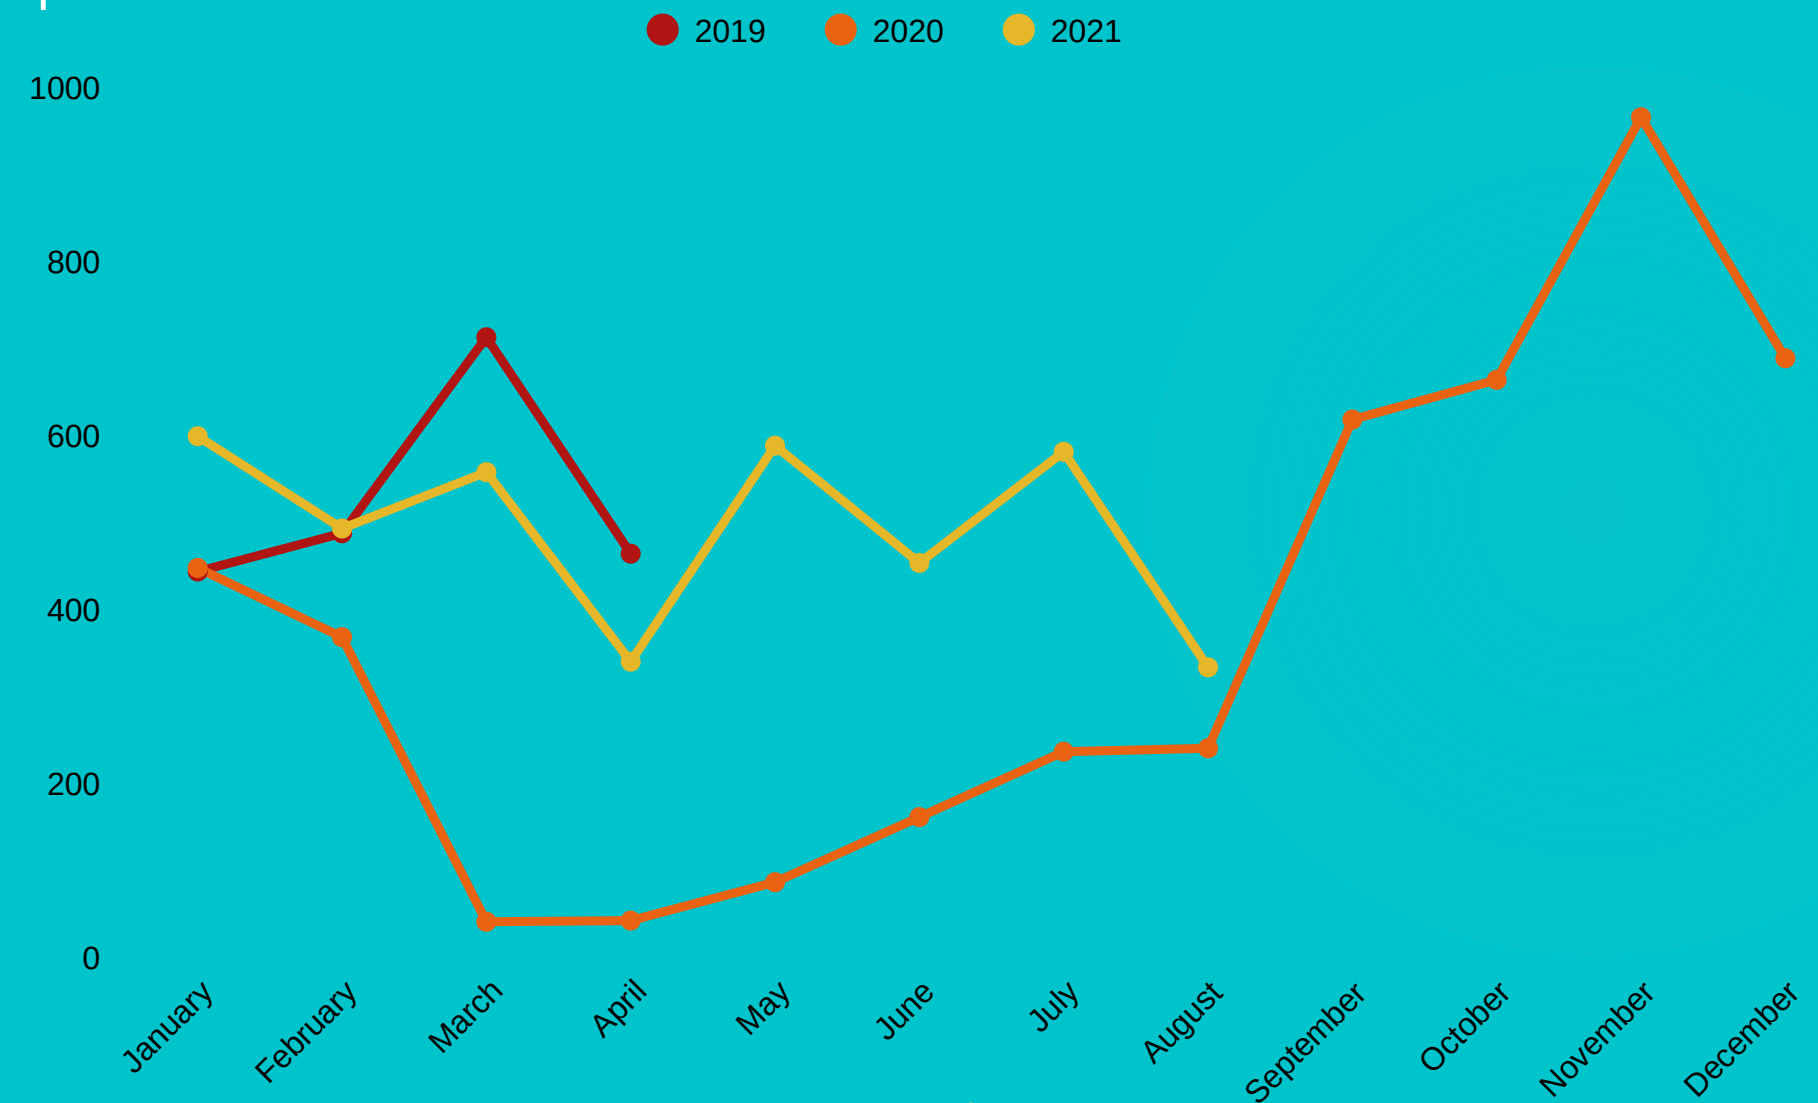

Month Year

Gross sales Amount

Output:

	month	year	gross_sales_amount
►	September	2019	9.16M
	October	2019	7.89M
	November	2019	18.76M
	December	2019	9.09M
	January	2020	9.74M
	February	2020	8.36M
	March	2020	0.81M
	April	2020	0.96M
	May	2020	1.22M
	June	2020	2.91M
	July	2020	4.61M
	August	2020	3.77M
	September	2020	13.42M
	October	2020	14.07M
	November	2020	14.97M
	December	2020	16.62M
	January	2021	11.40M

Result 25 x

The sales amount was stable from September 2019 to 2020, but then dropped significantly in March & April 2020, which may be due to the COVID-19 pandemic. The sales amount in Nov 2020 was much higher than in previous months at 32 M dollars.

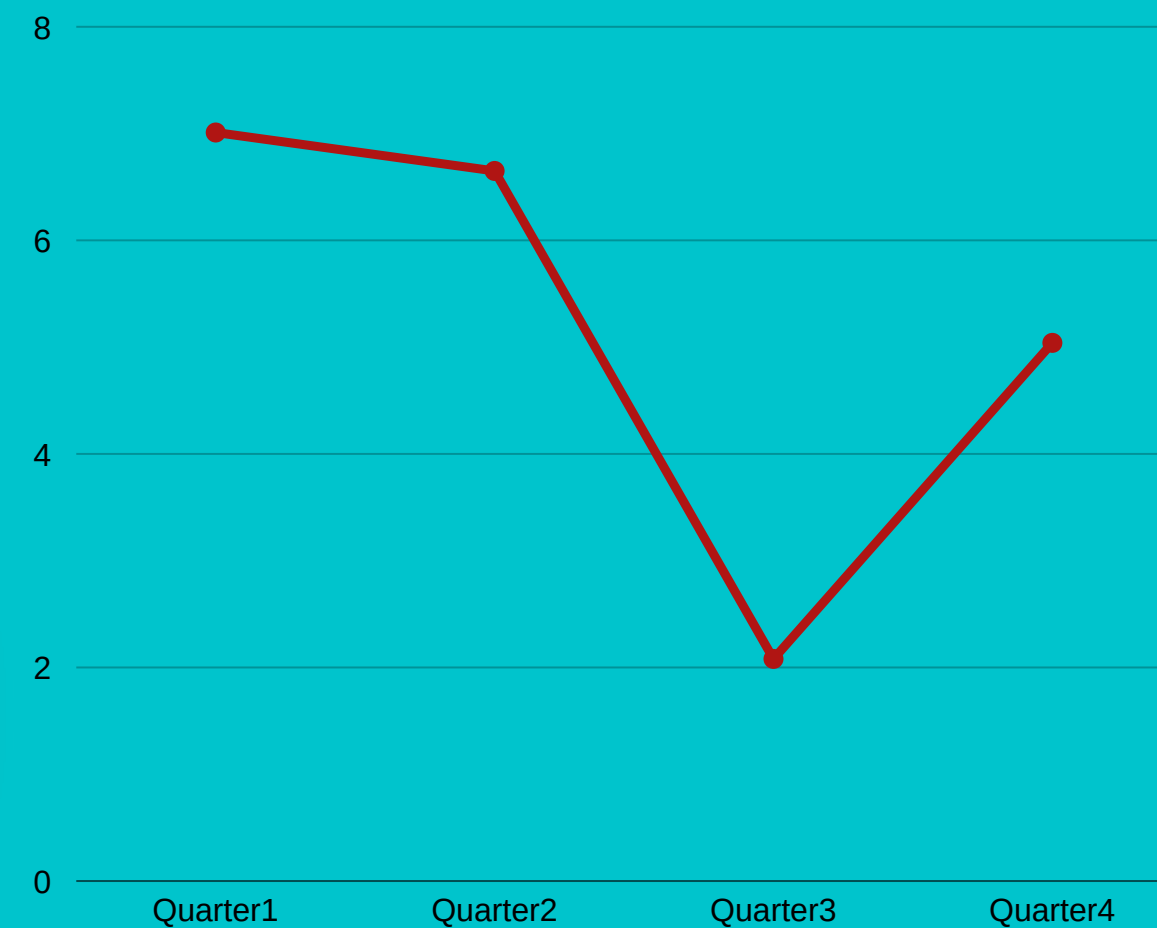

8. In which quarter of 2020, got the maximum total_sold_quantity? The final output contains these fields sorted by the total_sold_quantity,

Quarter

total_sold_quantity

Output:

	Quarter	sold_quantity
▶	Quarter1	7.01M

During the 3rd Quarter of FY2020, COVID-19 was at its peak the sold quantity is dropped to 2.08 M which months are March, April and May.

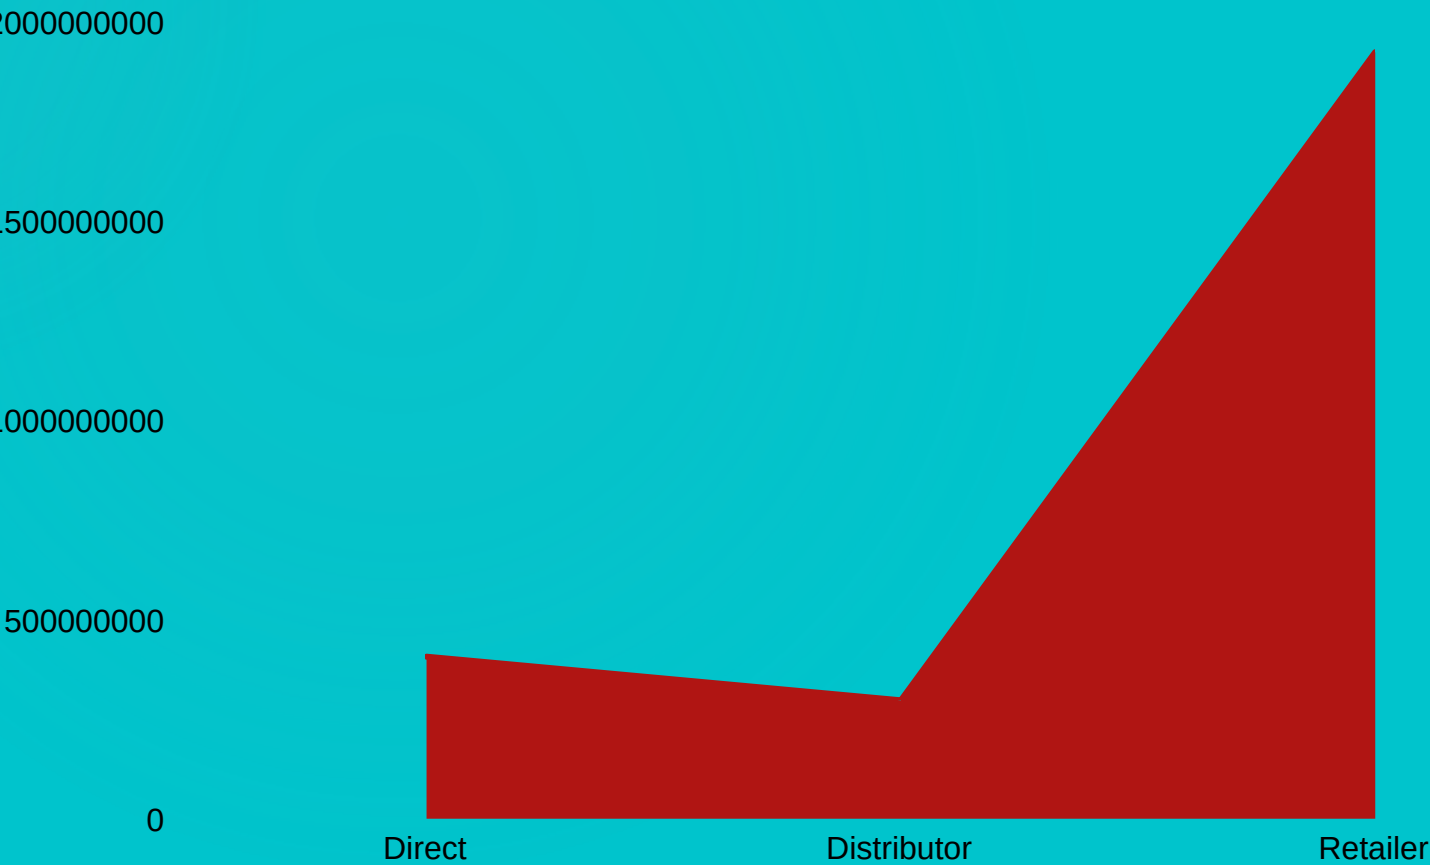

First Quarter has the most amount of quantities sold as we know that the first quarter comes with September, October and November

9. Which channel helped to bring more gross sales in the fiscal year 2021 and the percentage of contribution? The final output contains these fields,

Channel
gross_sales_mln
percentage

Output:

	channel	total	percentage
▶	Retailer	1924170397.9096	73.21712806

The Retailer channel has high percentage of contribution towards sales FY2021
The sales contribution of other channels, Direct and Distributor is Comparatively very low

10. Get the Top 3 products in each division that have a high total_sold_quantity in the fiscal_year 2021? The final output contains these fields,

Division

product_code

product

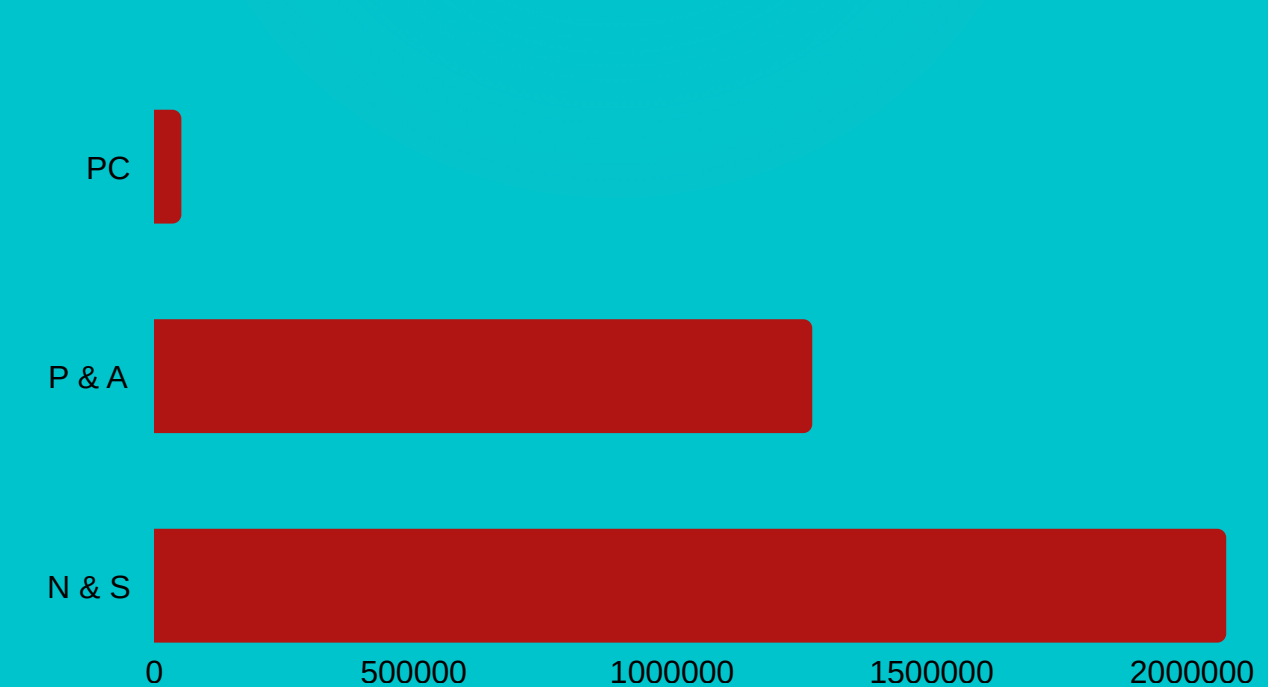

total_sold_quantity

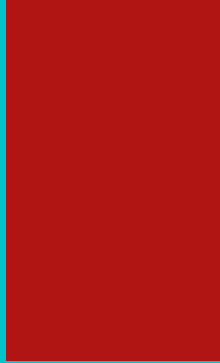

rank_order

The largest amount of products got sold in the division N & S ,whereas their products are cheaper than the products in the division P & A and PC
Division PC is the lowest amount of products sold

Output:

	division	product_code	product	total_sold_quantity	rnk
►	N & S	A6720160103	AQ Pen Drive 2 IN 1	701373	1
	N & S	A6818160202	AQ Pen Drive DRC	688003	2
	N & S	A6819160203	AQ Pen Drive DRC	676245	3
	P & A	A2319150302	AQ Gamers Ms	428498	1
	P & A	A2520150501	AQ Maxima Ms	419865	2
	P & A	A2520150504	AQ Maxima Ms	419471	3
	PC	A4218110202	AQ Digit	17434	1
	PC	A4319110306	AQ Velocity	17280	2
	PC	A4218110208	AQ Digit	17275	3
